WOOD + WOODS COLLECTION 09/10

The new **Wood + Woods collection** is Lush's™ response to demands for furnitures with simple forms and functional practicality, but without the "coldness" of contemporary furnitures. The visually seductive organic lines of solid wood grains of Ash, American walnut and White Oak almost begged to be caressed.

The uncluttered and organic looks of these furnitures is suitable for Singapore's™ sunlit and space-conscious homes. These furnitures are a godsend to our smaller interiors and make the interior space looks lighter and brighter. It is a good contrast against those "heavier" and bulkier furnitures.

View them now at Lush Boutique (Paya Lebar).
